Art Unit: 3634

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-12 are rejected under 35 U.S.C. 102(b) as being anticipated by WO patent to Olsen et al. (WO 94/18425). Olsen et al. disclose a double hung window assembly having an upper sash (17), a lower sash (17) both including panes, a keeper (14) having a central web with a tongue (27, extends in a downwardly direction from a bottom portion/below of the keeper 14 and thus will always be “below” the upper portion because of the surface in which the tongue extends from) which receives a latching member (20) wherein the keeper (14) has a “force applying surface” (the upper surface of the keeper extends in an upwardly direction) which is a generally elongated U-shaped curve along an axis parallel to the window pane at a distance twice as long as the tongue (27) and ends at downwardly extending legs (the portions extending beyond the right and left side of the keeper (14)).

Applicant's arguments with respect to claims 1-12 have been considered but are moot in view of the new ground(s) of rejection.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

Art Unit: 3634

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
